FABRYKI MEBLI „FORTE” S.A. (hereinafter: FORTE or the Company), as one of the largest European furniture manufacturers, perceives environmental protection both in local and in global terms. Management at the Company is directed at both, integrating environmental issues with the growth strategy as well as conducting its business while respecting natural environment in a responsible and sustainable manner. FORTE’s environmental policy makes our care about natural environment a daily routine in the operation of the Capital Group of FABRYKI MEBLI „FORTE” S.A.

The leading rule of the Company’s environmental policy is the rule of sustainable growth where the human being is a priority value. It means that the health and life of each person and the quality of natural environment in which we live constitute indisputable criteria in the execution of FORTE’s Environmental Policy.

FORTE, for the purpose of environmental protection, strives at executing the assumptions of the Environmental Policy focusing its activities on:

- development of ecologic awareness amongst its employees and partners ensuring that their actions are in line with legal regulations and the Company’s internal regulations on environmental protection;
- prudential and preventive management of processes;
- application of products, services and technologies limiting environmental impact;
- improving processes in a way which consumes less energy, raw materials, materials and fuels;
- rational management of raw materials and materials;
- rational waste and water management;
- shaping environmental attitudes amongst its suppliers and sub-contractors;
- responsible management of produced waste and most of all reducing its quantity;
- monitoring how its operations impact natural environment;
- popularizing pro-ecologic ideas;
- supporting ecology education among children and youth.

The Company’s Management Board verifies and modifies the rules set forth in the Environmental Policy on an ongoing basis and all persons employed at FORTE are required to adhere to it.
